Delhi World Public School - The Idea

"Born out of DPS but reaching beyond"

Over almost three quarters of the century the idea planted by some visionaries for nursing enlightened, educationally refined leaders for then newly independent India, has flourished and grown in a profound manner. But as often happens in the affairs of humankind, In the pursuit of growth the essence and soul of the Idea is lost: Form flourishes but substance retreats. Furthermore despite its expanse Delhi Public School found itself unable to offer space to its own children who were inevitably attracted to other platforms.

Delhi World Foundation is initiated by the alumni of Delhi Public Schools which includes luminaries such as Salman Khurshid-Ex-Chairman Delhi Public School Society, Former External Affairs Minister Government of India; Montek Singh Ahluwalia - Former Deputy Chairman, Planning Commission; ChIntamani Rao - Former Vice Chairman, Times Broadcasting Company; Dr. RakshandaJalil, Writer and Historian, Rajeev Talwar - CEO of DLF, Pradeep Pant - Former President of Kraft Foods, Asia Pacific, Manvendra Singh Banga - Former CEO, Unilever India and so on. There will of course be included outstanding, talented non-Dipsites to add value and infuse fresh ideas. Periodic policy formulation is done by the Core Life Members of the Foundation on the recommendation of the General Assembly of Members.

What Makes Delhi World Public Schools Different?

It is the Dipsites Pedagogy System that makes a Delhi World Public School different from other schools. It is an innovation to integrate the best ideas in education taken from all good practices in India and around the world. For instance, we borrow from the Nai Talim, the principles of Mahatma Gandhi whereby learning takes place by doing, where knowledge and activities are not separated from each other, and the virtues and character of the child is built to last a lifetime.

We also strive to instill the principles of universal peace and tolerance, so that every child who comes to us leaves the school with a habit of humanity, harmony and goodwill towards all.

Emphasis is laid on learning from the environment combining spiritual philosophies with different subjects in the curriculum. The Delhi World Public Schools' ethos of equity, compassion, cooperation and service before self is an earnest endeavour. To achieve this blend, our student community is involved in peer tutoring to reach out to fellow students who may be less privileged than them; our teachers are provided opportunities for researching pedagogic systems, and for continuous training and learning. In addition to excellent teaching and learning facilities, each of our schools is encouraged to offer a variety of creative courses and advanced opportunities in the sporting and cultural fields. Just as every Delhi World Public School is special, every student of our school is nurtured and empowered to blossom in his/her own special way.

Welcome Parents

Dear Parents, On behalf of DELHI WORLD PUBLIC SCHOOL, MEDCHAL HIGHWAY, We are happy to welcome you to our school. We are looking forward to a productive partnership with you to ensure our children can achieve their highest potential. We recognize that in order to be successful in school, our children need support from both the home and school. We know a strong partnership with you will make a great difference in your child's education. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our responsibilities.

We are sure that our school will be the foundation for a new generation of leaders and innovators, who will continue to pave the way for a better and brighter future for our world.

We take this opportunity to welcome you and your ward to the DWPS family and congratulate you on your decision to become a part of this budding legacy.

Our Mission

Delhi World Public Schools aim to instill in each child a sense of inquisitiveness and exploration, and an urge for experimentation, observation and synthesis. We endeavour to free the learning process from the confines of the four walls of classrooms and take it further to activity workshops, resource centres, laboratories and

library, teaching less for learning more. Every child is encouraged to inculcate the values of citizenry, a commitment to good health, high values and sensitivity to the environment. We strive to guide and support each child in his or her own special way.

Our Vision

Delhi World Public Schools are committed to provide state-of -the- art education, Incorporating Indian values and World culture, aiming to create global citizens as torch bearers of a dynamic and harmonious world.

Motto:

We are committed to excellence

Message from The Co-Chairperson

Our Indian standard of education is excellent. Our students are amongst the best in the world. They score high on marks - to the extent of securing even 100% in English! But can we truly say that our children are well rounded, not just masters of marks but also fluent in languages, communication and general knowledge. Have they developed team spirit and qualities of leadership - which participation in sports ensures? Do they see beyond the confines of their school and home to recognize inequalities? They may be top of the heap in securing marks but can they hold their own in public debates or present themselves admirably in an interview which participation in debates and elocution and drama ensures?

Delhi World Foundation, a Dipsites Pedagogy System and Knowledge Initiative pioneered by a group of graduates from the Delhi Public Schools who have since made a mark in the world, seek to take education to a higher level. Not just rote learning and coaching is the way to high scores and competitive examinations but an overall holistic, comprehensive and focused initiative to produce all-rounded human beings. Of course we intend to maintain the highest standards of education. What we emphasize is the road we are taking to get there perhaps the road less travelled; but a road, which we hope, is filled with adventure, with curiosity, with wonder.

This is a challenge that we at the Delhi World Foundation have taken up in earnest. The wealth of knowledge and experience of our Life Trustees, Term Trustees, Advisory Council and Members of the Education & Resource Council is being harnessed to open our students' eyes to all the wonderful things that not just this country but also the world has to offer. To appreciate art as well as to create it through pottery and painting; sculpture and mosaic, to establish their own individual identity through creativity. Not only carve a printing block or make handmade paper out of rags and waste but also to carry it further by printing on the paper and then on to adding value by making greeting cards, stationery, decorative boxes, etc.

In simple words we want them to be children, leading an exciting child's life and not be forced to become premature adults! Please join us and be part of our new adventure full of wonder and care.

Ms. Louis Khurshid

Message from The Founder Chairman

At Delhi World Public School Medchal Highway, we provide a learning environment that inspires and motivates children, and encourages them to explore the limitless possibilities in their quest for knowledge. Since inception, our overarching goal has been to make DWPS Medchal Highway a happy school, where teaching is a pleasure and learning is a joy; where learning and excelling is a passion, and culture and values have a pre-eminent place.

Our caring and committed teachers are our pillars of strength. They teach our children not just with their minds, but also with their hearts. They make learning enjoyable and rewarding, and imbibe in children the importance of sound values. State-of-the art facilities and resources complement our excellent educational programmes, and our focus on sports and co-curricular opportunities facilitates children's holistic education. Our accomplishments over the past years and our reputation as one of the top schools in the twin cities exemplify the success of our educational model. All these inspire us to continue to do our best, in preparing children for the 21st century.

I warmly invite you to explore Delhi World Public School, Medchal Highway as we re-dedicate ourselves every day, to impart the very best education to young minds.

Rayapu Reddy Boyapati
Chairman

Our School gets its recognition year after year by Times of India Schools ranking in Hyderabad promising its role as a knowledge hub and preparing future global citizens

2018 - 1st Position among the best emerging Schools.

2017 - 2nd Position among the best emerging Schools.

2016 - 8th Position among top 10 Schools.

YOU DARE TO
DREAM,
WE CARE TO
ACHIEVE....

From the desk of The Principal

Dear Parent and Guardian,

As we enter yet another year at Delhi World Public School, Medchal Highway, this is a good time to reflect on the kind of school we are, what defines us, what makes us different and who our students are. The answers to these questions are shaped by the dedicated and committed efforts of our management, teachers, non-teaching and support staff and the parents all working together in partnership, doing their best to deliver an education of the highest standards.

When educating the minds of the youth, we must not forget to educate their hearts. These wise words by Dalai Lama are so relevant in these times and they resonate with our own core values. Through our outreach programs, various fund raising drives and community projects that happen all year round, the school nurtures students to feel a part of the community. It brings us great joy and makes us proud to see that the DWPS student is evolving to be more empathetic and responsible.

Another core value that is helping define us is creativity. Through the focus on technology integration, digital learning, maker spaces, design and exploration, we are truly igniting the spark of curiosity in our children. We hope that our DWPS students will be the problem solvers and innovators of the future!

I am honoured and feel privileged to be the Principal of Delhi World Public School, Medchal Highway. I am always excited and look forward to working with our students, staff and parents to make Delhi World Public School, Medchal Highway the best school It can be. My commitment to our community and parents is to lead the school with enthusiasm and passion and to enable us to reach our goal.

We are continually very proud of our history, our values, our outstanding facilities and the high standards achieved by our students.

Ms. N. Jahnvi Reddy
Principal

day if you pay
attention.

DELHI WORLD PUBLIC
MATHAL HIGH
RUN BY LIPKA EDUCATION

Teaching & Learning

Along with the CBSE curriculum, we use a variety of engaging teaching and learning methodologies that challenge and motivate learners to excel. It focuses on Ingraining knowledge and skills essential for success In the 21st century.

Inquiry-based and application- oriented approach across all subjects to help them develop new activities and take responsibility for their learning.

Use of flipped classrooms, project-based learning, brainstorming, role play, interactive lab experiments and self and peer evaluation, to make learning more engaging and effective.

Holistic approaches to teaching and learning are achieved In multiple ways - ongoing review of curricula, introduction of new subjects, and the regular upgrading of infrastructural facilities and resources.

Out-of-classroom activities and experiences such as theatre, music, robotics, football, basketball, karate, and many more.

Individualized attention that appreciates children's learning styles and differing abilities

Our student care team, comprising qualified professionals work with class teachers and parents to provide appropriate support, enabling students to excel in academics.

What Makes DWPS, Medchal Highway Truly Distinctive?

- ▶▶ A Larger than life infrastructure
- ▶▶ Wide corridors with green surroundings and open spaces, this Inculcating a love for nature among children with best practices In environmental sustainability.
- ▶▶ Locational advantage away from the pollution and noise of the city.
- ▶▶ We celebrate a culture of excellence in academics and the all round development of children.
- ▶▶ Individualized attention to cater to diverse learning needs.
- ▶▶ Appropriate student - teacher ratio to ensure personalized attention.
- ▶▶ Talented and experienced teachers.
- ▶▶ CBSE curriculum integrated with the best International teaching methodologies.
- ▶▶ Outstanding academic results, sports and co-scholastic achievements.
- ▶▶ Wide range and depth of community outreach and social awareness programmes.
- ▶▶ Instilling Indian culture and values whilst fostering global culture.
- ▶▶ A safe and secure learning environment with special focus on student well-being.
- ▶▶ High quality student leadership opportunities including exposure to real time situations.
- ▶▶ International education and cultural exchange.

Curriculum

At Delhi World Public School, Medchal Highway the CBSE curriculum is tailored with a multidimensional child centric approach, which is both interactive and pragmatic. Our curriculum, both in terms of content & methodology, is 21st century relevant and meets the highest learning standards.

Comprising a dynamic and colourful potpourri of academics, sports, performing arts, fine arts etc, our curriculum is aimed at developing creativity and exposing kids to varied educational experiences preparing them to face the future challenges of globalised economy. We nurture children to be confident, self-sufficient, have independent thought process and a never-ending urge for learning.

Co-Curricular Activities

In our aim to develop love of learning in children that'll last through their lives, we offer a broad curriculum that includes a wide range of extracurricular activities besides academics. Physical and mental development is intended to happen in tandem through indoor and outdoor sports, dance, skating, free play, music lessons etc.

Specialized professionals and coaches mentor the child in all cocurricular activities and ensure that nobody is burdened or overscheduled. Mentors also ensure that activities push kids in the right direction, promote real world experiences, foster friendship, camaraderie, team work, healthy competition, build self-esteem etc.

Multiple Intelligence :

PRE-PRIMARY PROGRAMME

The Pre-primary stage inculcates in children the qualities of curiosity, exploration and discovery in a fun-filled, safe and happy learning environment.

An individualized approach helps nurture a love for learning; develops social skills, and instills moral values.

Emphasis on exploring, knowing, understanding and forming their own ideas

Picnics and field trips are organized to enhance students' understanding of their surroundings.

Sports help in strengthening co-ordination and motor skills, and instills enthusiasm for sports.

Aesthetics and Creative Expression, Language and Literacy, Numeracy, Self and Social Awareness; Integrated Learning; Active Learning; Supportive Learning; Interactive Learning and Learning through Play.

They are encouraged to play, explore and discover through dance, music, art and craft.

Games, songs, creative projects, story-telling, role-playing, drawing and painting help develop children's foundational skills in literacy and numeracy.

Celebration of festivals sensitises them to multiple traditions and cultures.

Pre- Primary and Primary Curriculum

Pre- Primary

In Delhi World Public School, Medchal Highway the naturally curious minds are exposed to conditions that can evoke freedom of thought and expression. Language development, concept formation, socio emotional skills along with fine and gross motor development happen simultaneously through exploration, interrogation and eventually self-discovery. This can build confident youngsters who feel free to be creative and motivated to learn.

Primary

The highly developing toddler brain is stimulated through exploratory and hands-on activities, which can develop cognition, language and psychomotor skills. They begin to appreciate the importance of education by remaining interested through the flexible, thought stimulating lessons. They are made aware of their own potentials and learn how to explore and exploit in the right direction thus moving away from vulnerability to independence

The middle school programme

Grades V-VII

The main aim of the programme is to develop skills related to writing, reading, reflecting, critical thinking, public speaking, fostering initiative among students and kindling a desire to acquire knowledge.

Academic subjects include Languages, Mathematics, General Science, Social Science.

Art, drama, computer studies, music and dance are integrated into the mainstream curriculum and are further strengthened as co-curricular activities.

Students begin to contribute to class assemblies, concerts and drama productions, and take up roles of responsibility.

PSHE (Personal, Social, Health Education) helps students address their age-specific interests and concerns, builds awareness, and promotes compassionate and ethical conduct.

Physical Education is offered in a more formal manner and sports skills are fine-tuned.

Field trips and excursions aid in developing social skills and in raising awareness about the world.

Projects, presentations and group activities are more formal and research-based.

Inter-house & Inter-school cultural and sports competitions encourage healthy competition and team spirit.

Community service is offered through school-initiated programmes and partnerships with NGOs.

The High School Programme

Grades VIII-X

At Delhi World Public School, Medchal Highway, the curriculum starts with an emphasis on learning basic facts and gradually moves to a detailed understanding of concepts, through interpretation and evaluation as students progress to higher classes.

It is built around the principles of knowledge, understanding, application and skill-sets.

Projects and the application of knowledge form an integral part and aid the development of analytical skills.

Class VIII serves as a preparatory year for the CBSE Curriculum in Classes IX and X. Students study Languages , Mathematics, Social Science, General Science.

Career counseling and skill building is given prime importance in order to identify the strengths of each student and sharpen skills.

The programme aims to empower children to contribute towards a humane, just and pluralistic society, and promote introspective living.

Co-Curricular Activities

Learning methodology at Delhi World Public School, Medchal Highway

We impart education by integrating proven, world-class teaching methods with modern infrastructure and technology. Our curriculum emphasizes on activity-based learning for which we create a suitable environment and focus on learning needs of each child rather than a predetermined set of pattern. We add further value by inculcating a strong sense of discipline and hard work in our kids; thus nurturing them to be future ready to face global challenges. The school lays strong emphasis on constructive approach where the child is encouraged to be the architect of her/his own knowledge and Mentor act as guides rather than instructors.

Learner centric :

We give students ample opportunity to explore their interests and cultivate unique strengths. We believe all children should have access to an exceptional, personalized education that enables them to live a happy and successful life.

Learning Modalities:

A combination of projects, real life exposure, audio-visual presentations, classroom teaching, experiential learning, community visits and brainstorming activities are used to make learning fun, exciting and interesting.

Preparation for life :

Following the age-old wisdom that looks at education as preparation for life, students are groomed to become better human beings and not just pass examinations. At Achievers efforts are taken to instil high moral and values along with necessary life skills in young minds.

Real World Application :

Interdisciplinary learning: We believe students learn most effectively when they can understand the concepts and more importantly their implementation to the real world. Our goal is to enable students to make meaningful connections and foster curiosity about the world we live in.

Interdisciplinary Learning:

We encourage interdisciplinary learning and avoid artificial separation between subjects. Encouraging students to learn by doing, we promote a deeper level of understanding. Teaching may originate in the classroom, but will continue on trips throughout the community, at home and even on family vacations.

Competition with Self :

A child at Achiever is always competing but not with others, rather this competition is with self. We always emphasize at learning right than learning fast. We do not let a child succumb to competition & rat race pressures, but we understand & respect that every child has his own optimal pace to learn. This results in a stress free environment where a child gets full freedom to grow individually.

Our Resource Team

Partners in Dream

Parents

As parent, you are the first teacher and the most important influence on your child's growth and attitude towards learning. At DWPSMHY we always emphasize on strengthening the home - school connection that will inculcate a value system in your child; enhance his/her learning capacity and pace and teach important life-skills from an early age. Keeping 3-way communication channel open between students, parents and mentors ensures two things; one that parents get to play a direct and active role in their child's growth and two, a message is conveyed to the child that school and education are extremely important.

Teachers

We as teachers, in whose care you place your child's early learning, take things forward; wearing several hats on the way; that of a guide, friend, & sometimes even of a parent and remain with them at every step of the way, facilitating new experiences, opening windows to the new world for them.

Community

Learning is not just about what happens inside the school or home. Children also learn a lot from the society where they live-in along with their friends. We understand it and provide platform for the positive exposure of children with the community around by field trips, undertaking social initiatives, sharing current affairs and most importantly arranging the interaction of students with experts and institutions in the community to enrich the learning experience and keep them wanting more.

WHAT PARENTS SAY ABOUT OUR SCHOOL?

Haritha
Parent of Yukta PP I I

I chose Delhi World Public School, Medchal highway, because we were made to feel very welcome and the school handle all our questions with respect and understanding. DWPS focusses on instilling positive values and compassion in their students. It has the ability to work with students and parents alongside nurtures excellence in Children. I think, more important is, the overall development of the child than pure academics. DWPS take interest in the environment and have a well-balanced approach to academics and co-curricular activities. In DWPS the child is made to feel special and has the love and support from the school best. DWPS is going to provide future leaders due to the focus on identifying and encouraging all round development of children, which is refreshingly different. Yukta has become so much more confident and aware.

Dear Management and teachers,

School life is very important part of one's life, because it provides an opportunity for study and discipline. Besides these, school life is a preparatory stage for entering public life and Delhi World Public School, Medchal Highway has proved it, this is my personal observation of my kid's personality development and no doubt in saying this.

We have observed DWPS very closely for the past 2 years and their teaching mechanism and scheduling of activities was great and hope this will continue and improve in the coming years. My little ones have developed confidence, socialisation, teamwork and vision to think and forecast the need for their future. DWPS has an astonishing responsibility towards the environment and climate change. Overall the activities and programs were conducted with the rightful and planned manner for the overall growth of kids future. I personally thank the management and teachers of DWPS for their hard work, vision and dedication.

Sudha
Parent of Anjali VIII-A

D Chandrima
Parent of Abhisree VIII A

DWPS, Medchal Highway has a stellar group of teaching staff. All of them I met are very committed to teaching and bringing the best in children. I have always found an environment of positivity and encouragement by the teachers. The school has a modern state of art green building with spacious playground and well-ventilated rooms for sports, learning and holistic development of the students. The school follows a well-researched teaching pedagogy similar to DPS with a balanced approach to enlighten the young minds with the knowledge contents with simplicity and smartness. The school provides an ambience of safety and safe feeling to the students, teachers and all the members for a collaborative system. The school management follows good governance practices to bring in transparency in administration thereby making all the teachers and staffs well motivated, committed and radiant. I am very happy to have chosen this school for my daughter Abhisree of Class VIII. She is with the school for last 2 years and I see a lot of positive changes in her. I do recommend this school to all my friends and relatives.

My daughter has been enrolled at Delhi World Public School for the past 3 years (grade 1 to 3). She has thoroughly enjoyed her time at DWPS and I, as a parent, have a very positive impression of the education she has received. She has had positive interactions with the teachers and the other students. In addition, the teachers are quite perceptive. Their reports on Sreekruthi's strengths and weaknesses show they are paying close attention to the children and accurately assessing their positive areas and areas for improvement. My daughter would not have learnt as much as she has without the interest and concern of her teachers. I feel that Sreekruthi is receiving a high quality education in DWPS and has shown good growth both socially and intellectually. This growth has been largely, the result of good teachers in the classroom as well as the wide variety of activities in which the students participate. The activities like Arts, Music, Dance, Games (indoor and outdoor) are well organized and balanced with the curriculum. They are very careful and show concern for the safety of the children. I strongly recommend this school for a Holistic development of your children.

Swadeep Raju
Parent of E. Sreekruthi Vaishnav III.

Devisetty V Ramanaiah
Parent of Toshani Devisetty VI B

I want to express my sincere appreciation to the most dynamic school principal and her team. With all of their patience, creativity and love, Toshani has achieved a lot. She has started off on the right foot by having your school teachers' best directions. You have made a great difference for all of our children. Because you care so much about them, you have directed them to trust themselves in all that they do and to become all that they dream. I know many other parents and students also feels the same, even though we might often forget to tell you how much we appreciate you and your entire school team. Thank you once again for your wise and strong leadership, and our school is definitely a better place for those who are looking for a holistic development in their kids.

Delhi World Public School is an extraordinary school because of the fact that it provides children the very same things that we as parents would like them to have and which they will need in future. Here children are not only taught academics but also the cultures, moral values, confidence through the numerous extra curricular activities that the school conducts. Children are challenged, entertained and delighted here. The teachers of DWPS teach from their heart and not only from books. They do not just teach students but also make them tomorrow's responsible citizens. Special appreciation goes to the principal Ms Janhavi Reddy who continuously works hard to provide a healthy environment where the above mentioned things seem simple to achieve even though they are very difficult. Happy to be a part of this institution and all the best for the future...

Abhijit Kulkarni
Parent of Revati Kulkarni (IX-B) & Puneet Kulkarni (IV-A)

Neha Dadarya
Parent of Ayush - II

We have found 'Delhi World Public School' to be good overall, there is lot of support around to help address your concerns (if any) and you get heard, staff is quite reachable including principal, who are open and available to talk and partner with you and the kids, curriculum is well designed and thought through, we liked a lot the online content posting and instant messaging about the test schedules, syllabus etc. as that helps keep parents up-to-date from the minute it's available to review, I would suggest to think of engaging parents more to the school and with kiddos through various engagements.

My child is very happy, the teaching staff are very good at nurturing and developing the children's academic skills as well as social interaction and productive play. As a parent I have found the staff, particularly teachers very friendly and approachable. My experience about "Delhi World Public School" is pretty good with discipline in place, please keep it up.

Santosh Upadhyay
Father of Saachi Upadhyay (VII B) & Abhisri Upadhyay (PP I)

Tripti Deshmukh
Parent of Manjari Deshmukh VII-A

I am very glad to be associated with this school since its inception. The school is well equipped with basic amenities such as well-ventilated spacious class rooms, labs, library, Mess, air-conditioned school buses, proper sanitation facilities, Playground & high-level security. As far as the academics is concerned, I proudly say that, the courses are framed in such a way that it ensures holistic development of children. Faculty members are amazing & I am really overwhelmed at the progress my child has made since starting of the school. The most unique feature of this school is that the way they prepares tricky question papers & strict evaluation without compromising with result. Each and every activity is well planned & implemented to prepare the children well to strive in the competitive world.
